

## Rhosnesni High School Year 11 History Trip To Germany

By Ethan Roberts

I would like to thank the Wales Council for Deaf People and the Cambrian Trust for making it possible for me to visit Germany. It was a valuable experience and something that I will never forget about. It will also help me with my history GCSE exams.

The first photo below is a picture of Connor and I. I am on the left and Connor is on the right. The photo was taken on top of the Nuremburg hill, looking over Nuremburg, at night it was an amazing view. The second photo is in Nuremburg where we went to a nice posh restaurant and had a nice meal. As you can see I don't really like having a photo taken! Nuremburg is a beautiful city and I would 100% return another time.

Nuremberg is where the Nazis War Criminal Trials were held (see photo below). The Germany trip was an amazing experience and In the near future I will be definitely returning! Especially Berlin. When I was in Germany the thing I realised was that the city is so clean and there is no rubbish scattered anywhere. I and Connor could not have gone to Germany if it wasn't for the funding, which made it possible for us to go! Personally, I would like to say thank you for making this happen and letting me have one of the best moments of my life away in Germany.

Some of the amazing places we visited were:

- The court room where the Nazi's were held on trial (Photo 1)
- Brandenburg Gate (Photo 2)
- The Reichstag (Photo 3)
- The final solution building (Photo 4)
- Dachau (Concentration Camp) (Photo 5)
- The Berlin Wall (Photo 6)
- Colditz Castle (Photo 7)

There were also so many buildings that were just so big and looked like they had a history to them all. The person who built all these buildings was Albert Speer, he was Hitler's architect.
